

Trimble Positions Jump Start

New to Trimble Positions or making the switch from GPS Analyst to Trimble Positions? Elecddata can get you up and running quickly.

Don't waste time and resources struggling through the complex setup on your own. With our Jump Start program, we will get you and your team in the field fast.

The service includes:

- 4 hours of online installation and training
- Software installation and set up
- An overview of the recommended workflow, including:
 - Database and feature class setup
 - Project setup
 - Field configuration
 - Data processing
- Also included is one year of Elecddata Support Now, a \$250 value

Trimble Positions Jump Start **\$495**
(includes 4 hours of online assistance and one year of Support Now for one contact)

Additional Support Contact **\$150**

If you need more in-depth assistance, we offer onsite and online training as well as additional services building databases and providing assistance with server setup. Give us a call to find out how we can help.
