**BUILT AROUND TRIMBLE.
FOCUSED ON WHAT'S NEXT.**

Join us for Frontier Precision's 2026 Oregon User Group, the largest and most impactful user group event we have ever hosted in Oregon. This event is open to all Frontier Precision customers and is designed for professionals who rely on Trimble technology and want to stay ahead of what is coming next.

From GNSS infrastructure changes to advanced GIS and UAS workflows, this is a must-attend day for anyone using Trimble solutions in the field or office.

What the day will include:

- What's New with Trimble
- RTK and Starlink
- NATRF2022
- VRS Now Expansion
- Trimble Mobile Mapping
- Q&A with Grade Control Products Team
- Q&A with Trimble Team Members
- Robust Open User Q&A Session
- Trimble Connect
- AND MORE

FOCUSED BREAKOUT SESSIONS:

GIS and Mapping with Trimble

Field-to-office workflows using Trimble GNSS, scanners, and Trimble Business Center GIS tools. Schema parity, data consistency, and collaboration between Survey and GIS teams.

Trimble Aerial and UAS Workflows

UAS data capture, processing, and integration into Trimble Business Center.

Practical applications for mapping, volume analysis, and asset documentation.
