YELLOWSCAN LIDAR DEMO DAY

LOCATION

Frontier Precision
10900 73rd Avenue North
Maple Grove, MN 55369

(Live Demo to be conducted Off-Site. Location TBA.)

TIME

9:00am – 3:00pm

(Break for lunch from Noon to 1:00pm. Lunch is on your own.)

AGENDA

- YellowScan LiDAR - Technology Solutions
- DEMO - YellowScan Mapper
- Data Processing & Deliverables
- Complete End-to-end Workflow from Field to the Office

Space is limited to 12 participants, so reserve your seat now!

*Have questions or want more information on this **FREE** event?*

With LiDAR, your first mapping and survey point should be with us.

Lightness and accuracy combine for a LiDAR solution that works hard for you. The YellowScan LiDAR UAV delivers the highest level of accuracy and density for real-time georeferenced point cloud data.

- Fully-integrated LiDAR hardware with laser scanner, IMU, GPS, embedded computer, batteries, and data storage.
- Real-time in-flight LiDAR monitoring software.
- Flight trajectory correction.
- LiDAR data post-processing software for georeferenced point cloud visualization and generation in the projection of your choice.

YellowScan Mapper - The next-generation of integrated UAV LiDAR solution.
