

AQUATIC INCIDENT MANAGEMENT SYSTEM CLASS (AIMS)

July 17-18, 2024 | 8:30am - 5:00pm

Dive deep into aquatic incident management with a specialized class focused on comprehensive systems. AIMS includes a variety of resources, such as training materials, software, boat operations and remotely operated vehicles. It also provides support to responders through a network of regional and national experts. Learn essential skills and techniques for handling aquatic emergencies effectively.
